DO MORE HARM THAN GOOD.

What Dr. Skene, of New York, Says of Bicycles for Women. Dr. Alexander J. C. Skene, an eminent

low York physician, is not an enthusinatio dyscate of theuse of the hicycle by women. In fact, he places bicycle exercise as about he law in which women should indulge.

"I have," said Dr. Skene, "made a care ful study for the past fifteen or twenty pears of the effects of all kinds of occupa hors, habits of life, exercises and amuse-ments for women, including bicycling, and have seen more narm than good come from cing by women. Take the good first If any one girl or woman is of such an in-Redest disposition that she will not take from its chough of any kind to keep her in beating but takes to a baycie because it is ide, she will be greatly improved thereby, both mentally and physically. Such

flaties keep these indoors and mostly sitting and who still have time for out-of-door exer-zise and cannot keep horses. Such people find the wheat at reat essistence and help. Again, these who are active, ambitions and panindaige in all the rational exercises may devines in the rational exercises may devine a first rate to be yelling with pleasure moderated. Take the effect of bleyeling upon the young. On that subject I have made himsy observations and find that irregular fevelopment is often caused by a too liberal flevelopment is often caused by a too liberal flevelopment is exercise. The lower limbs become developed quite well, while the thest arms and abdominal moscles are rel-atively defective. Considered as an occu-pation, recreation or exercise for mature women it is empable of deing much hurm. and is evidently much abused. For those whose dottes in life tax their energy and strongth to the fullest extent bicycling is evertagation I have a the farmer's boy who chopped wood during his hour for rest at book. One who is mentally or physically tired or exhausted is tally or physically tired or exhausted is never rested by violent or even a tive mus-cular exercise. Annuscment furnished by others is the only recreation for the tired and nevery. There are tew if any women in America who have time or sirrength enough to do herviling for pleasure and health. I am, then approved to the hervels for all such am, then apposed to the beyone for all such as hinter exercise and work enought to do. If anyone has time and strength left over to desse to riding a wheel, and can avoid overdout, then the bleyole is highly commendable, will do no harm, and perhaps
